### **8500. FOOD SERVICES**

The Board of Education recognizes the midday meal as an important part of each pupil's school day. The Superintendent shall ensure a wholesome, nutritious food services program in the district and one which reinforces the concepts of nutrition education as taught in the classrooms of this district.

The Board believes that the pupil's nutritional and social needs are best served when the pupil returns home for lunch and directs that pupils in the elementary schools be permitted to go home for the midday recess.

The Board shall provide food service facilities for the consumption of food on school premises in the middle school and the high school.

The operation and supervision of the food services program shall be the responsibility of the contracted Food Service Director.

The district shall participate in the Federal School Lunch Program.

The Food Service Program shall be operated on a nonprofit basis. All moneys derived from the operation, maintenance, or sponsorship of the food service facilities shall be deposited in the Food Service Account. The net cash resources of the food service account may not exceed three months' operating cost. A periodic review of the food service account shall be made by the Assistant Superintendent for Business/Board Secretary. Any surplus funds shall be used to reduce the cost of the service to pupils or to purchase cafeteria equipment.

The Superintendent shall ensure the maintenance of sanitary, neat premises, free from fire and health hazards, for the preparation and consumption of food and the safekeeping and storage of food and food equipment in strict compliance with regulations of the New Jersey State Department of Health.
