

Haddon Township High School
Course Overview

Subject Area: Family & Consumer Science

Course Name: Parenthood Education

Summary: This is a course for anyone who is interested working with young children and learning parenting skills. Students who plan to major in education or child growth and development fields will benefit from this course. Specific areas of study will be the care and growth of children from birth to five years of age. Students will plan and teach lessons to pre-school aged children in our nursery school during the 2nd semester of school.
