Goal	Indicators of Attainment
Complete all district boiler system replacements, 95% of Van Sciver Phase I projects (re-roofing, restoration of the existing building, and the new multi-purpose room addition), and the bidding process for all remaining bond referendum projects.	<ul style="list-style-type: none">• All boilers complete. All staff training completed. 100% operational district-wide.• VS MPR and roofing complete. Restoration complete pending punch list items.• Bidding process completed for Phase I (Elementary & HS), Phase II (Elementary & HS), and all electrical systems upgrades.
Provide on-going targeted professional development to support teachers' ability to enhance instruction through the use of personal computing devices as learning tools.	<ul style="list-style-type: none">• Designed PD opportunities merging pedagogy and technology use.• Created PD course descriptions.• Staff selected options (via survey).• Provided out of district learning with turn key opportunities.

2015-16 Goal Attainment

Goal	Indicators of Attainment
Revise and align the middle school and high school science curricula with the Next Generation Science Standards.	<ul style="list-style-type: none">• Created RMS/HTHS science curriculum committees.• Wrote curriculum using NJDOE frameworks for middle school and high school courses.• Curriculum was board approved to implement for September 2016.
Pilot and select an elementary math program to best support students in mastering the CCSS.	<ul style="list-style-type: none">• Determined K-5 pilot classes.• Provided PD to pilot teachers.• Held ongoing elementary math committee meetings to review programs.• Recommended program to superintendent.• Program was board approved for implementation in September of 2016.

Goals for 2016-17

- Complete all Phase I referendum projects (elevators/stair tower additions, new MPR and classroom spaces at Stoy and Strawbridge) and Phase II projects (mechanical upgrades, renovations of interior spaces, exterior doors, interior doors, and re-roofing) for elementary schools and HTHS, as well as all electrical system upgrades (door controls, cameras, fire alarms, and clocks).
- Provide ongoing, targeted professional development to support teachers' ability to enhance instruction and assessment (Math in Focus, Creative Curriculum, and use of technology).

Goals for 2016-17

- Revise and align the elementary, middle, and high school math, language arts, and science curricula with the updated New Jersey approved standards (New Jersey Student Learning Standards & Next Generation Science Standards).
- Create new and enhance existing pathways for community members to learn about and engage with Haddon Township Public Schools (areas including referendum project completion, technology, academics, and adult education).
